

Welcome To The Blue Mountain Heritage Trail - Community Page

The Oregon Trail Network - Incorporating Environmental Experiences With Western Heritage And Cowboy Adventures.

There are few networks that unify the incorporated with the unincorporated community while providing a recreational focus without fences design. We broaden the marketing horizons for businesses without limitations and provide modern amenity resources for those who long to play in the back country. This network has something for everyone. We are not exclusive to large community numbers. This is an All County network for The Blue Mountain Heritage Trail.

(BMHT) is being designed as a long-distance trail, primarily for foot and pack travel, through the best of Northeastern Oregon's Blue Mountain primitive region. The base trail, which forms a circle and traverses the most primitive country, will be approximately 870 miles long. It is made up of over forty segments ranging from just over 10 miles in length to near 40 miles in length. The ends of all segments are accessible, accommodating hiker support and choice of segments and landforms to be hiked. In addition, a number of shorter trail segments and routes will be provided, designed to connect communities and accommodate day trips and the bed to bed hiking experience. When linked together these trail routes will constitute the larger Blue Mountains Heritage Trail Network.

Directions:

From Prairie City, take county rd 62 approximately 19 miles to Summit Prairie. From Summit Prairie travel west on Forest Service 16 to Forest Service road 1600133. Travel this FS Rd to the Junction of Forest Service road 1600097

Antlers Guard Station Near Austin Junction - www.fs.fed.us/r6/recreation/rentals/ww-antlers-gs.shtml

Imagine a time before homesteaders and pioneers, when the area was home to Native Americans and abundant wildlife. A river runs through the dry area, and the blackened rocks and bluffs along its banks tell of the Indian practice of setting fire to the reeds and grasses each autumn so they would grow back more lush in the coming spring. Upon seeing such a sight, the trappers and fur traders of the early 1800s gave these rushing waters the name Burnt River. A century later Antlers Guard Station, one of many sturdy little cabins throughout the forest, was built in an effort to preserve the land. Call for reservations today!

Deer Creek Guard Station - www.fs.fed.us/r6/recreation/rentals/mal-deer-creek-gs.shtml

Douglas-firs and Ponderosa pines dot this broad, flat expanse surrounding Deer Creek Guard Station. Chickadees and other songbirds flit and chatter. Listen for the high-pitched whir of hummingbirds zipping around in search of nectar from wild flowers and berry bushes in bloom. Sit a moment and take it all in. Listen for the pounding of hooves and watch for the wild horses that frequent the area.
